## MADEROTERAPIJA

“NAJNOVEJŠA METODA ZA ODPRAVO  
CELULITA IN PREOBLIKOVANJE TELESA.”

Maderoterapija je posebna anticelulitna masaža z lesenimi valjčki, ki pomaga v boju proti celulitu, odvečni maščobi in hkrati tudi čisti telo. Maderoterapija izvira iz Kolumbije in je zaradi uporabe lesenih pripomočkov 100 % naravna in varna za kožo.

Maderoterapija se priporoča za: stimulacijo limfnega sistema, razstrupljanje, spodbujanje metabolizma, odstranjevanje celulita, izgorevanje maščob, izboljšanje tonusa in napetosti kože, zmanjšanje obsega, sprostitve telesa in duha.

**MADEROTERAPIJA (50 min): 53 €**  
(noge + zadnjica + trebuh + roke)

**MADEROTERAPIJA (30 min): 33 €**  
(noge in zadnjica)

DODATNA PONUDBA:

**MASAŽA HRBTA -  
MADEROTERAPIJA (20 min): 29 €**

## MEHANSKA LIMFNA DRENAŽA (45 min): 35 €

Je medicinsko kozmetični terapevtski tretma, ki spodbuja limfno drenažo z uporabo zračnega tlaka na različnih delih telesa. Učinkovito spodbuja limfni sistem, pomaga pri odtekanju toksinov, maščob in tekočin, ki povzročajo celulit in hkrati povečuje hitrost presnove. Povrnili boste elastičnost kože, povečali pretok kisika v tkivu telesa in jim pomagali pri regeneraciji ter pospešili proces hujšanja.

## MEHANSKA LIMFNA DRENAŽA SOČASNO OB MASAŽI ALI NEGI OBRAZA: 19 €\*

\*Masaža obraza, vratu in dekolteja (30 min); nege obraza: Ritual Srce oceana (60 min), Intenzivna nega s kislinami (40 min), Sezonska nega obraza (45 min), Luxury Gold 24Ka (45 min), DE-LUX nega Gold 24KA (60 min), Pure Oxygen (60 min).

## MEHANSKA LIMFNA DRENAŽA + BODY WRAPPING (60 min): 50 €

Body wrapping je preverjeno učinkovita metoda zmanjševanja podkožnih maščobnih blazinic in obsega telesa. V kombinaciji s presoterapijo (mehansko limfno drenažo) daje hitre in opazne rezultate.

## VAKUUM RADIALNA ENDODERMNA TERAPIJA

Metoda vakuma znatno izboljša prepustnost kapilar kar poveča pretok kisika in naravnih hranilnih snovi. Z vakumom dosežemo, da vezivno tkivo postane zopet elastično, značilne vdolbine in izbokline pomarančne kože izginejo. Koža je ponovno gladka, čvrsta in napeta. Vakumsko terapijo se priporoča za odpravo celulita in preoblikovanje telesa, zmanjšanje strij in obraznih gub.
